

Something to *Cheer* about!

March 1, 2020

Treasure Valley Pickleball Advocates,

Our patience during the past six years has been rewarded. Please see the attached email from Boise Parks and Recreation. We are pleased to report the construction of the Hobble Creek Park Pickleball Complex will begin mid-March. The Committee will continue to work with Boise Parks and Recreation throughout the construction process.

There is still an opportunity to purchase a commemorative brick to be placed at the complex. Please contact Nick and Tami Leach at tamileach1@gmail.com as soon as possible if you are interested in purchasing a brick.

To all of you who have volunteered time and made monetary donations to the project, we THANK YOU!!! You will be part of Idaho History! The Committee looks forward to seeing all of you at the grand opening/ribbon cutting event. Until then, enjoy the excitement of watching our new complex being constructed!

Hobble Creek Park Pickleball Complex Committee,
