

Hi everyone,

The round robin scheduled for [Thursday, May 6](#), filled up very quickly and we think it will be a lot of fun. This tournament and potluck will be BPC's return to post-Covid life, and hopefully the first of many great events this year.

40 players are in. 20 will play in a morning session, 20 in the afternoon session. We will use 5 courts at Manitou, which means all 20 players will get to play without having to sit around waiting while other people play. There will be 9 games in each session with 15 minute breaks after games 3 and 6. Each person will play with a total of 9 other players. The draw is random, but set. If you haven't paid your 2021 dues of \$15 yet, John Romero can collect them at check-in. A check to Boise Pickleball Club or cash will be accepted. Exact change would be appreciated.

Morning sign-in is set for 8:30. Play starts at 9 and ends at 11:45.

Afternoon sign-in is set for 12:45. Play starts at 1:15 and ends at 4.

The 4 top scorers from each session will make up a field of 8 who will play a round robin the following day for the event championship with incredible prizes (well, actually maybe just decent prizes) for the top 3 finishers.

All players are invited to a potluck lunch that will run essentially between noon and 1. (Of course, people can stay later if they wish if they're not playing in the second session.) The club will provide soft drinks and silverware for the lunch, but members should bring something to eat and share. We will eat in the pavilion.

A list of people in the morning session and afternoon session will be included in this email. **Please check to see which session you are in.**

We hope everyone can play. [If for some reason you cannot play please email Jane Hosteny as soon as possible.](#)

Thanks very much, we look forward to seeing you, and think it will be a great time! Two lists will be at the bottom of this email with the names of players for the morning and afternoon sessions. Please check this right away to see when you start -- and good luck, and above all have fun!
